Focus on the administration of students, staff, finance, facilities and few meetings as well as introduction to the committee system

It prepared me for the higher administrative post of headship of a department since it made me to work very closely with the HOD.

- The University appointed me as the Acting Head of Department exposing me to the frontline administration of students, staff, structures, curriculum review and development, infrastructure and finances.
- By chairing all statutory and Ad hoc meetings of the Department, I gained meeting skills
- Headship of my Department exposed me to the functioning of most of the Senate Committees, especially, the Appointment and Promotion Committee, Curriculum Committee, Disciplinary Committees, and the functioning of the Senate.

Professor (From 2005)

Focus on faculty-wide, university-wide, inter-university and international administrative assignments with emphasis on leadership or leading of teams and mentoring of younger academics and scholars (team management)

- Working very closely with most of the Deans of my Faculty made them to assign sensitive administrative assignments including chairing of the Faculty International Conference which attracted participants from seven countries of the world including America and the Nigerian Ambassador to UNESCO in Paris. The success of this assignment and others before it helped in enhancing my chances of becoming the Dean (unopposed).
- It is worth mentioning that none of the managerial posts (Sub-Dean and Dean) was contested since I got to these offices unopposed by the special grace of God and goodwill from my colleagues.

- Between 2014 and 2015, I served as the Chairman of the Mock Accreditation in the Faculty of Education, University of Ibadan. This exercise yielded a very good result as nearly all the programmes accredited by the NUC obtained full accreditation.
- A member of the Senate Ad Hoc Committee on Accreditation and Global Ranking, saddled with assuring and ensuring the day-to-day quality of academic programmes and alignment of the curricula with the national benchmarks (university-wide) through Mock Accreditation exercises and advice to Departments.
